Connection link

https://vcs2.rssi.ru/#login_by_id

We recommend using
Google Chrome

If necessary, allow access to the
site and follow the link again
https://vcs2.rssi.ru/#login_by_id

1

Verify that it has been initialized
«**Connect to the event by ID**»

2

Enter the conference ID to
«**Event ID**»

The screenshot shows the VKI (Institute for Space Research) website interface. At the top, the VKI logo and the text 'ИКИ РАН' are visible. Below the logo, there are two buttons: 'Sign-in' and 'Connect to the event by ID'. A red circle with the number '1' is placed over the 'Connect to the event by ID' button. Below this, a modal window is displayed with the title 'Connect to the event by ID'. Inside the modal, there is a language selector set to 'English', a sub-header 'Connect to the event by ID', and a prompt: 'Enter the unique event ID to connect to the required event immediately'. Below the prompt is a text input field labeled 'Event ID' containing the placeholder text '000-000-000'. A red circle with the number '2' is placed over this input field. At the bottom of the modal is a 'Continue' button.

Join the conference

Enter your name in «**Name**» instead of Гость

1

Enter the password in «**Event Passcode**»

2

Press «**Enter conference**»

3

Allow the use of microphone and camera

In the «Equipment setup» window that appears, select «**Save and Close**»

Семинар ИКИ РАН

Moderators: Минин Иван, Daria Evdokimova, ИКИ, Administrator

Conference Login

I am not registered user | I am a registered user

Name: 1

Event passcode: 2

About myself:

Enter Conference 3

Detailed description: The image shows a web interface for joining a conference. At the top, it says 'Семинар ИКИ РАН'. Below that, it lists moderators: 'Минин Иван, Daria Evdokimova, ИКИ, Administrator'. There is a large empty text box below the moderators. The main section is titled 'Conference Login' and has two tabs: 'I am not registered user' (selected) and 'I am a registered user'. Under the 'I am not registered user' tab, there are three input fields: 'Name:' with a text box containing 'Гость', 'Event passcode:' with an empty text box, and 'About myself:' with a text box containing the placeholder text 'Enter any details about your role at the conference'. At the bottom of the form is a button labeled 'Enter Conference'. Red circles with numbers 1, 2, and 3 are overlaid on the interface to indicate steps: 1 points to the 'Name' input field, 2 points to the 'Event passcode' input field, and 3 points to the 'Enter Conference' button.

Conference window

The screenshot displays the i.Mind conference interface. At the top left is the i.Mind logo. The top toolbar includes icons for grid view, video, microphone, hand, signal strength, settings, and an exit button. Below the toolbar is a menu with options: About meeting, Video (selected), Documents, Whiteboard, Poll, Desktop Sharing, and Statistics. The main conference window contains a light blue box with the text "Main conference window" and the message "No speakers in the event". On the right side, there is a "Participants (1)" panel showing a list with "Speakers and moderators" (1) and "(moderator)". Below this is a "Participants" section with an "Invite participants" button. At the bottom right is a "Chat" panel with a "Chat" header and an input field with the placeholder "Enter your message here". The bottom status bar shows "0 kb/s" on the left, "i.Mind version 3.17-p7 | [About](#)" in the center, and "[Instructions and support](#)" on the right.

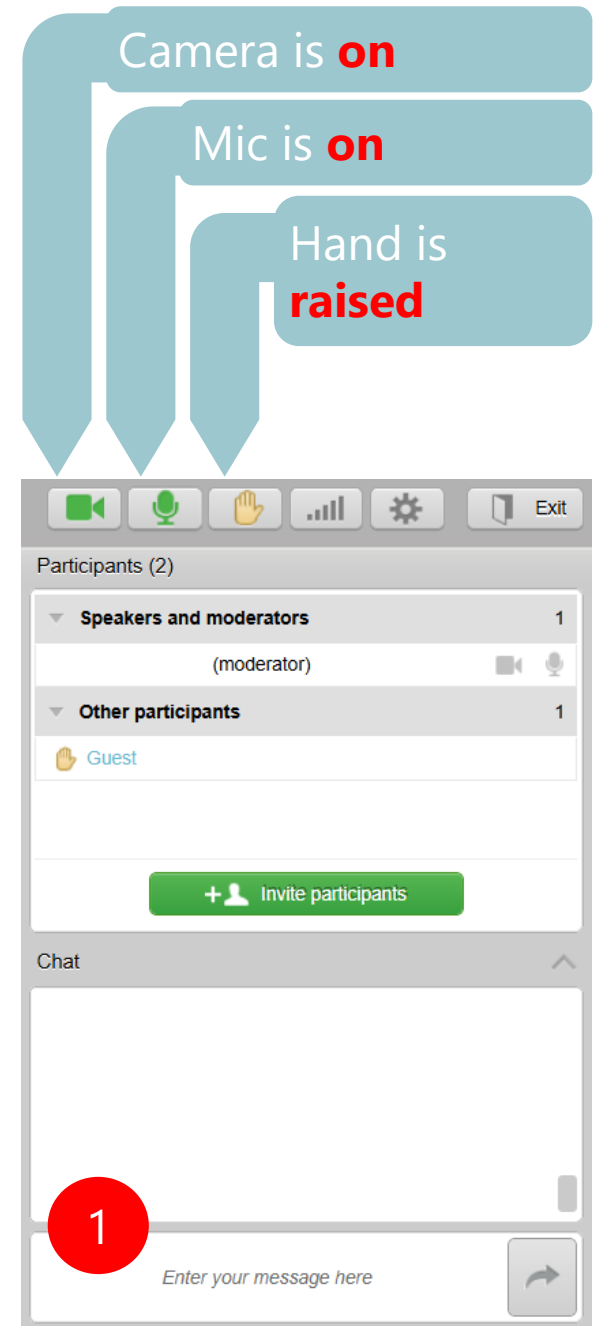

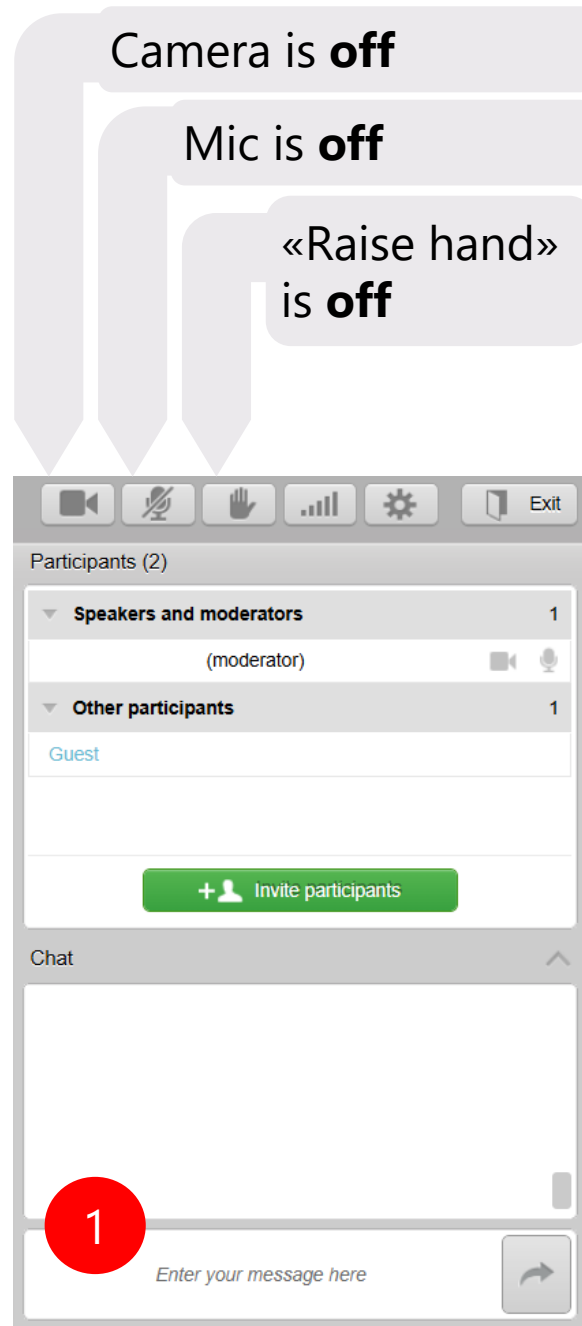

Application controls

Dear participants,

Please, **turn off your microphones** while listening to the presentation

You are welcome to turn on the microphone and ask a question after the presentation

You can write a message in the conference chat

Microphone and camera settings

Equipment Setup Menu

You can configure the microphone, camera, and speakers in the menu

Equipment setup

Microphone
[Dropdown menu]
 Enable when I enter

Video camera
[Dropdown menu]
 Enable when I enter

Media profile (for broadcasting quality)
[Dropdown menu: Maximum]

Speakers
[Dropdown menu]

Sensitivity
[Slider]

Audio and video in high quality are broadcasted and received. We recommend using this mode if Internet connection speed is not lower than 3 Mb/s and hardware with high productivity is used.

Display the Equipment Setup window when entered the event

[Save and close] × Cancel
